

CREATING A CLIMATE FOR GREAT LEARNING,
SUCCESS AND OPPORTUNITY

PROSPECTUS

WELCOME TO BENTON PARK SCHOOL

There has never been a better time to join us at Benton Park School as we create an excellent climate for great learning, success and opportunity for all our students. As Headteacher of Benton Park School it is my job to provide a nurturing, supportive and challenging environment where all students reach their full potential. We pride ourselves at Benton Park School in valuing each and every one of our students and as leader I ensure they are at the centre of everything we do.

We have very high standards and expectations of our students and encourage them to develop themselves both academically and personally. Our students have an exceptional attitude to their own learning and this ensures we have an excellent learning environment. Alongside this, I lead a highly qualified team of teaching and support staff that are continuously working to improve the experience for our students.

At Benton Park School our students are our greatest asset. The school's efforts are focused on providing the very best opportunities for their all round development. I feel extremely privileged

to be leading the school and look forward to working with all students and parents to ensure even greater success in the future.

OUR SCHOOL AIMS TO:

'Create a climate for great learning, success and opportunity.'

WE DO THIS BY:

- Providing exciting and innovative learning opportunities for all
- Providing a safe, caring environment where diverse qualities and achievements are valued
- Providing a broad and balanced curriculum
- Promoting 'Student Leadership' to inform and enhance decision making
- Celebrating student achievement

“Positive relationships result in a very supportive and engaging learning environment.”

LEARNING

Our broad, balanced and inclusive curriculum ensures all students are actively engaged in their own learning pathway. With a diverse range of traditional academic subjects, vocational courses and personalised programmes students are able to fulfil their full potential.

Our relentless drive to provide high quality Teaching and Learning underpins all that we do. The creation of our 'Benton Park Learning Model', a bespoke framework to support the learning of all students, has ensured a dynamic and challenging learning environment that motivates all.

Learning beyond the classroom is a critical aspect of our school as it enables students to develop broader personal and social skills alongside academic rigour. With a wide range of extra-curricular opportunities on offer our aim is to inspire all members of the school community to be involved.

“Teachers know their subjects well. This expertise, as well as their enthusiasm inspires, motivates and engages students in lessons.”

Ofsted

“Students are happy and able to learn.”

Ofsted

SUCCESS

Our relentless focus on effective Teaching and Learning and mentoring ensures we secure excellent outcomes and academic progress for our students to enable them to access the next phase of their educational journey.

Through celebrating the achievements and successes of our students we aim to foster student motivation, resilience and aspirations. Whether through the awarding of stamps, rewards trips, celebration assemblies or a positive comment in the student planner we celebrate the positive aspects of school life.

At Benton Park we ensure that students have a strong sense of belonging. Alongside this our excellent pastoral team ensures that students are well cared for and enjoy school life. This enables our students to be successful in a safe and secure environment.

“Leaders are committed to ensuring equality of opportunity for all students.”

Ofsted

“Students demonstrate consistently high standards of behaviour in lessons and around school.”

Ofsted

OPPORTUNITY

Students are given lots of opportunities to be involved in many exciting extracurricular activities. Whether they choose to compete in the sport of their choice, at the highest possible level, play in the Soul Band or attend 'Geek' club for Science there is a wealth of opportunities for every student. Our newly refurbished Drama Studio provides an excellent backdrop for students who want to get involved in Performing Arts.

The Duke of Edinburgh Award is very successful at Benton Park School. This has given students the opportunity to develop and broaden a range of skills and be successful at all levels of this excellent award.

Our committed staff support a range of national and international educational visits allowing students the opportunity to enrich their learning.

Student Leadership has encouraged a diverse range of successful organisations within school. This includes an Amnesty International Group, Eco-group and KEVA group all working to improve the lives of others.

Our Student Leadership aims to encourage students to be involved in the decision making process of the school. Student Leadership Representatives are linked to each department and each Form Group to actively take part in school decisions.

“There are many opportunities for students to work together and share their learning.”

Ofsted

“Students enjoy learning in a harmonious community.”

THE SIXTH FORM

Many of our students continue into our Sixth Form where they have made outstanding progress and gained some excellent outcomes. A high proportion of our Sixth Form students go on to continue their studies at university.

The Sixth Form is a community where every individual is valued equally and where staff and students work together in an atmosphere of mutual trust to achieve their goals.

The Sixth Form Team and Sixth Form Student Leadership are fully committed to providing experiences that will enrich, challenge and develop the individual, preparing them for a fulfilling future.

“Students are well prepared with the skills for their future success.”
