Key Stage messages:

Year 12:

We have launched our new Personal Development curriculum , with a clear focus on supporting our students in preparing for the world beyond school. We are very excited to have launched this alongside the work our Year 12 students have started on building a range of clubs and societies in school to further enrich our students Sixth Form experience.

Year 13:

We are very proud of the fantastic attitudes our Year 13 students are showing towards their mock assessments. These assessments play a key role in allowing students and teachers to gain real clarity around each individuals strengths, areas for development and gaps in knowledge. Following the assessments both teachers and the Sixth Form team will be working together to ensure that every Year 13 student feels really well supported as we build to the summer exam season.

Sixth Form Update

Our Morning Meetings and Personal Development curriculum are now in full swing. The image on the right highlights the key areas in which we are working with students and staff to build a strong Sixth Form community and culture in which everyone can thrive, feel they belong and build an environment in which all of our Sixth Form community are developing the skills and have the experiences which will support them in becoming active citizens who are able to enhance the communities in which we live.

Together we belong, develop character and achieve excellence
